ICCX Central Europe 2022

For more than 20 years Concrete Plant International (CPI) has been providing concrete professionals worldwide with technical information and news from around the world.

As the demand for information and technology grew, CPI introduced the ICCX events. ICCX is a combination of conference and trade exhibition, covering all aspects of modern concrete production and technology. This format gives suppliers to the concrete industry the opportunity to meet face-to-face with decision makers in a technical setting.

The ICCX Central Europe - beyond the borders of Poland a firmly established and annual meeting of the Central European concrete industry since 2014- will take place for the eighth time on June 14 - 15, 2022. It is the meeting point for the concrete and precast industries in Central Europe. As in the previous two years, the venue for the two-day conference with accompanying exhibition with 100+ exhibitors will again be the conference hotel Double Tree by Hilton Hotel & Conference in the centre of Warsaw.

Date June 14-15, 2022

Visitor 600+ concrete professionals

Venue DoubleTree by Hilton Hotel
& Conference Centre
Warsaw, Poland

Time* **June 14, 2022**

Opening hours 09:00 - 18:00

10:30 - 11:00	Prof. Agnieszka J. Klemm	 Poland	Durability-enhanced cementitious composites: Superabsorbent Polymer as an effective shrinkage reducer
11:00 - 11:30	Dr. Wolfram Schmidt	 Germany	Innovative binders, circularity and recyclability – how the concrete industry can align with the GLOBE consensus
11:30 - 12:00	Dr. Didier Lootens	 Switzerland	Integration of 3D concrete printing into the modular building process

14.06.2022 | Precast Elements

14:00 - 14:30	Bartosz Dąbrowski	 Poland	Modern precast technologies in housing construction: Optimisation of housing projects in Poland with the experience from Scandinavian countries.
14:30 - 15:00	Thomas Friedrich	 Germany	More prestressed elements with mobile prestressing bed
15:00 - 15:30	Maximilian Ettel M. Eng., Dipl.-Ing. (FH) Markus Tenwinkel	 Germany	Mobile vehicle immobiliser BLOCKMAXX – square, practical, safe
15:30 - 16:00	Dr. hab. inż. Marek Salamak	 Poland	With BIM and digitalization towards the robotization of construction

**ALL LECTURES WILL BE INTERPRETED
SIMULTANEOUSLY**  

15.06.2022 | Concrete Technology

- | | | | | |
|---------------|-------------------------------------|---|---------|---|
| 10:00 - 10:30 | Tomasz Odzimek |  | Poland | Financing possibilities with the EU budget for 2021-2027 |
| 10:30 - 11:00 | Prof. Dr.-Ing. habil. Anette Müller |  | Germany | Concrete recycling – differentiation by material type and particle size |
| 11:00 - 11:30 | Dr. Stephan Hauser |  | Germany | Ducon Overlay - High-performance concrete for strength and persistence |
| 11:30 - 12:00 | Dr. Piotr Górak |  | Poland | Green concrete from green cement - past - present - future |

15.06.2022 | Concrete Products

- | | | | | |
|---------------|----------------------|---|---------|--|
| 14:00 - 14:30 | Piotr Nowicki |  | Poland | Situation and development directions of the concrete paving stone industry in Central Europe |
| 14:30 - 15:00 | Dr. Alexander Wetzel |  | Germany | Paving stones from 100% recycled raw materials |
| 15:00 - 16:30 | Dietmar Ulonska |  | Germany | Planning and execution of conventional and infiltration-capable paved surfaces |

**ALL LECTURES WILL BE INTERPRETED
SIMULTANEOUSLY**  

ICCX Central Europe 2022 Exhibitors

Alongside the exciting conference program, the ICCX Central Europe will once again be able to offer an extensive trade exhibition with international suppliers to the concrete industry. Here too, the focus will be on the latest solutions and products.
